

New Horizons Integrated Learning

Combines multiple learning methods for more effective results.

New Horizons Integrated Learning is a comprehensive approach to training that guides each learner through all stages of the learning life cycle. It consists of five components — Assess, Learn, Reinforce, Support and Validate — and combines classroom and eLearning products and services to create the most effective learning experience available in the industry.

Validate

Certification exams, course evaluations and post-class assessments and surveys will prove that you have achieved your learning goals.

- Course Evaluations
- Post Assessments
- ROI Surveys
- Certification Exams
- Learning Transcripts

Assess

Personal consultation and assessment tests determine your current competencies and skill level to identify the best training path for you.

- Consultation
- Skills Assessment
- yourITfuture.com
- newhorizons.com
- Tuition Financing

Support

The Integrated Learning Manager provides access to services and resources, including a personalized My New Horizons Web site, ensuring that support is always close at hand.

- Training Consultant
- Technical Help Desk
- My New Horizons
- Knowledge Share Forums
- Training Administration
- Tracking and Reporting

Learn

Select the blend of classroom and online training that best fits your learning goals, budget and schedule.

- Classroom Learning
- Online LIVE Learning
- Online ANYTIME Learning
- Integrated Solutions

Reinforce

Additional resources including hands-on labs, reference materials and help desk services ensure your learning is effectively applied.

- Learning Guides
- eCourseware
- Learning Labs
- Exam Preparation
- Online LIVE Archives
- Online LIVE Labs
- Retake Policy
- Online ANYTIME Learning
- Online Reference Books
- vLabs
