

# New Horizons Integrated Learning

**Combines multiple learning methods for more effective results.**

New Horizons Integrated Learning is a comprehensive approach to training that guides each learner through all stages of the learning life cycle. It consists of five components — Assess, Learn, Reinforce, Support and Validate — and combines classroom and eLearning products and services to create the most effective learning experience available in the industry.

**Reliable, Consistent and Affordable IT Services in a Constantly Performance-Driven Environment**

ITIL aligns IT services with business requirement, provides proven best practices, and teaches the concepts, benefits and processes required to deliver world class customer service in an IT environment.
